INDEX TO VOLUME 19, 1983

SUBJECT INDEX

A

Abused child, sexually, the needs of the, **147**
the needs of the in the community, **143**

Accidental death in Australian children, **230**

Adenoma, toxic, in childhood — case report, **258**

Adenovirus type 7 infection, haematemesis as a presentation of, **184**

Antibodies, milk, in pulmonary inhalation, **27**

Asthma, inhaled Fenoterol powder in: a long term study, **94**

Asthmatic children, comparison of salbutamol powder with terbutaline aerosol administered with a tube spacer in, **245**

Australian children, accidental death in, **230**

B

β-thalassaemia major, successful pregnancy in, **182**

Biofeedback conditioning, neurogenic faecal incontinence in children with spina bifida: rectosphincteric responses and evaluation of a physiological rationale for management, including, **97**

Body size and fatness of Australian schoolchildren 1911-1976, changes in, **14**

Bleeding ears: case report of Munchausen syndrome by proxy, **256**

Book reviews, **56, 137, 200, 275**

Breastfeeding and oral contraceptives: Tasmanian survey, **168**

Bronchopulmonary dysplasia in very low birthweight infants, **233**

Bubble clicking in gastric aspirate in the newborn, evaluation of, **104**

C

Candidiasis, chronic mucocutaneous, ketoconazole treatment of nail infection in, **178**

Cardiovascular manifestations of Kawasaki disease Royal Children's Hospital, Melbourne experience 1974-1981, **107**

Changes in body size and fatness of Australian schoolchildren 1911-1976, **14**

Chediak-Higashi syndrome in a Chinese infant, **51**

Childhood injuries and socio-economic status, **237**

Children, clumsy: a prognostic study, **9**

Chinese infant, Chediak-Higashi syndrome in a, **51**

Clumsy children: a prognostic study, **9**

Comparison of salbutamol powder with terbutaline aerosol administered with a tube spacer in asthmatic children, **245**

Congenital left coronary artery — right ventricular fistula, **47**

Coronary artery, congenital left-right ventricular fistula, **47**

Cost of neonatal intensive care, **152**

D

Development of the pre-school child: the validation of a psychomotor screen, and the influence of home environment on psychomotor development, **78**

Diabetes mellitus, insulin-dependent, HLA system in Chinese children with, **34**

Diabetic autonomic neuropathy in children: immediate heart-rate response to standing, **175**

Dialysis, paediatric, and transplantation experience in Queensland, **241**

Drinking behaviour, race-associated differences in, **165**

Duchenne muscular dystrophy. Letter to the Editor, **136**

Dysplasia, bronchopulmonary, in very low birthweight infants, **233**

E

Ear anomalies, deafness and facial nerve palsy in infants of diabetic mothers, **109**

Ears, bleeding: case report of Munchausen syndrome by proxy, **256**

Editorial comments:
"On growth and time past", **1**
"On talking about ethics", **208**
Treatment of children with end stage renal failure, **207**

End stage renal failure, treatment of children with. Editorial comment, **207**

Evaluation of bubble clicking in gastric aspirate in the newborn, **104**

Evaluation of life, **223**

F

Faecal incontinence, neurogenic, in children with spina bifida: rectosphincteric responses and evaluation of physiological rationale for management, including biofeedback conditioning, **97**

Family functioning and infant health in a poor socio-economic status multi-ethnic municipality, **61**

Fatness and body size of Australian schoolchildren 1911-1976, changes in, **14**

Fenoterol powder, inhaled, in asthma: a long term study, **94**

G

Gastric aspirate in the newborn, evaluation of bubble clicking in, **104**

Gastro-oesophageal reflux in infants, when does reflux oesophagitis occur with? A clinical and endoscopic study and correlation with outcome, **90**

Growth curves, revised intrauterine, for an Australian hospital population, **157**

H

Haematemesis as a presentation of adenovirus type 7 infection, **184**

Health care services, use of, for an infant population in a poor socio-economic status, multi-ethnic municipality in Melbourne, **225**

Heart block, complete and prolonged QT interval, *torsade de pointes* and asystole in a child with, **187**

Heart-rate response, immediate, to standing: diabetic autonomic neuropathy in children, **175**

Hepatitis B virus, immune status of Singapore children to, **100**

HLA system in Chinese children with insulin-dependent diabetes mellitus, **34**

Home environment, the influence of on psychomotor development: development of the preschool child and the validation of a psychomotor screen, **78**

Hyperkalaemia, ventricular tachycardia in a neonate secondary to, **112**

Hypomagnesaemia, primary: case report, **45**

Hypotension, neonatal: two years' experience in a neonatal intensive care nursery, **162**

I

Immune status of Singapore children to hepatitis B virus, **100**

Infant, Chinese, Chediak-Higashi syndrome in a, **51**
health and family functioning in a poor socio-economic status multi-ethnic municipality, **61**
population in a poor socio-economic status multi-ethnic municipality, patterns of illness in an, **68**
population in a poor socio-economic status, multi-ethnic municipality in Melbourne, use of health care services for an, **225**

Infants of diabetic mothers, ear anomalies, deafness and facial nerve palsy in, **109**

Inhalation, pulmonary, milk antibodies in, **27**

Inhaled Fenoterol powder in asthma: a long term study, **94**

Integration of community paediatric services. Letter to the Editor, **273**

International Satellite Symposium: Perinatal Physiology and Behaviour. Melbourne, 1983. Abstracts of papers, **260**

Intrauterine and postnatal growth, the relationship between on the subsequent psychomotor development of very low birthweight (VLBW) infants, **3**

Intrauterine growth curves, revised, for an Australian hospital population, **157**

Intravenous verapamil in the treatment of paroxysmal supraventricular tachycardia in children, **40**

J

Jaundice: a 10-year review of 41,000 live born infants, **86**

K

Kawasaki disease, cardiovascular manifestations of, Royal Children's Hospital Melbourne experience 1974-1981, **107**

Ketoconazole treatment of nail infection in chronic mucocutaneous candidiasis, **178**

L

Letters to the Editor:
Duchenne muscular dystrophy, **136**
Integration of community paediatric services, **273**
Loperamide toxicity in an infant, **55**
Pre-school developmental screening, **273**
Syndrome of inappropriate antidiuretic hormone secretion, **55**

Live-born infants, jaundice: a 10-year review of 41,000, **86**

Long-term follow-up records, **36**

Loperamide toxicity in an infant. Letter to the Editor, **55**

Low birthweight infants, very, (VLBW), the relationship between intrauterine and postnatal growth on the subsequent psychomotor development of, **3**

M

Milk antibodies in pulmonary inhalation, **27**

Mortality, postneonatal, in Western Australia 1970-78, **18**

Munchausen syndrome by proxy, case report of: bleeding ears, **256**

N

Nail infection, ketoconazole treatment of, in chronic mucocutaneous candidiasis, **178**

Needs of the sexually abused child, **147**

Needs of the abused child in the community, **143**

Neonatal hypotension: two years' experience in a neonatal intensive care nursery, **162**
intensive care, cost of, **152**

Neonate, ventricular tachycardia in a, secondary to hyperkalaemia, **112**

Neurogenic faecal incontinence in children with spina bifida: rectosphincteric responses and evaluation of a physiological rationale for management, including biofeedback conditioning, **97**

Neuropathy, diabetic autonomic in children: immediate heart-rate response to standing, **175**

Non-intervention in children with major disabilities, **215**

Non-intervention in children with major handicaps.
Legal and ethical issues. Report of a Working Party, Australian College of Paediatrics, **217**

Non-intervention in children with major handicaps.
Legal aspects, **210**
Professional dilemmas, **213**

Nutrition in the first year of life in a multi-ethnic poor socio-economic municipality in Melbourne, **73**

O

Obesity hypoventilation syndrome and the Prader-Willi syndrome, **251**
in Singapore primary school children, the prevalence of, **248**

Obituary: Dr. J. Quoyle, **136**
Dr. S. E. L. Stening, **205**

"On growth and time past". Editorial comment, **1**

"On talking about ethics". Editorial comment, **208**

Opsonins, serum, of control children of different ages, **23**

Oral contraceptives and breastfeeding: Tasmanian survey, **168**

P

Paediatric dialysis and transplantation experience in Queensland, **241**

Patterns of illness in an infant population in a poor socio-economic status multi-ethnic municipality, **68**

Perinatal physiology and behaviour. International Satellite Symposium, Melbourne, 1983. Abstracts of papers, **260**

Postnatal and intrauterine growth, the relationship between on the subsequent psychomotor development of very low birthweight (VLBW) infants, **3**

Postneonatal mortality in Western Australia, 1970-78, **18**

Prader-Willi syndrome and the obesity hypoventilation syndrome, **251**

Pre-school child, development of the: the validation of a psychomotor screen and the influence of home environment on psychomotor development, **78**

Pre-school developmental screening. Letter to the Editor, **273**

Prevalence of obesity in Singapore primary school children, **248**

Primary hypomagnesaemia: case report, **45**

Proceedings:
Australian Association of Paediatric Surgeons. Scientific Programme. Abstracts of papers, May 1983, **131**
Australian College of Paediatrics. Abstracts of papers presented at the 28th Annual Meeting, May 1983, **114**
Paediatric Research Society of Australia. Abstracts of papers presented at the 16th Annual Meeting, May 1983, **192**

Psychomotor development, subsequent; relationship between intrauterine and postnatal growth on very low birthweight (VLBW) infants, **3**

Psychomotor screen, the validation of a, and the influence of home environment on psychomotor development: development of the pre-school child, **78**

Pulmonary function following staphylococcal pneumonia in children, **172**
inhalation, milk antibodies in, **27**

Q

QT interval, prolonged, and complete heart block, *torsade de pointes* and asystole in a child with, **187**

R

Race-associated differences in drinking behaviour, **165**

Reflux oesophagitis, when does it occur with gastro-oesophageal reflux in infants? A clinical and endoscopic study and correlation with outcome, **90**

Relationship between intrauterine and postnatal growth on the subsequent psychomotor development of very low birthweight (VLBW) infants, **3**

Renal failure, end stage, treatment of children with. Editorial comment, **207**

Reviewers 1982, **54**

Revised intrauterine growth curves for an Australian hospital population, **157**

S

Salbutamol powder, comparison of with terbutaline aerosol administered with a tube spacer in asthmatic children, **245**

Schoolchildren, Australian, changes in body size and fatness of, 1911-1976, **14**

Serum opsonins of control children of different ages, **23**

Sexually abused child, the needs of the, **147**

Singapore children, immune status of to hepatitis B virus, **100**
primary school children, the prevalence of obesity in, **248**

Socio-economic status and childhood injuries, **237**

Spina bifida, neurogenic faecal incontinence in children with; rectosphincteric responses and evaluation of a physiological rationale for management, including biofeedback conditioning, **97**

Staphylococcal pneumonia in children, pulmonary function following, **172**

Successful pregnancy in β-thalassaemia major, **182**

Syndrome of inappropriate antidiuretic hormone secretion. Letter to the Editor, **55**

T

Tachycardia, paroxysmal supraventricular, in children, intravenous verapamil in the treatment of, **40**
ventricular, in a neonate secondary to hyperkalaemia, **112**

Tasmanian survey: breastfeeding and oral contraceptives, **168**

Terbutaline aerosol administered with a tube spacer in asthmatic children, comparison of salbutamol powder with, **245**

Torsade de pointes and asystole in a child with complete heart block and prolonged QT interval, **187**

Toxic adenoma in childhood — case report, **258**

Transplantation experience and paediatric dialysis in Queensland, **241**

Treatment of children with end stage renal failure. Editorial comment, **207**

U

Ureteric valve, urethral ectopic ureter with a, **185**

Urethral ectopic ureter with a ureteric valve, **185**

Use of health care services for an infant population in a poor socio-economic status, multi-ethnic municipality in Melbourne, **225**

V

Ventricular fistula, right — congenital left coronary artery, **47**

Ventricular tachycardia in a neonate secondary to hyperkalaemia, **112**

Verapamil, intravenous, in the treatment of paroxysmal supraventricular tachycardia in children, **40**

W

When does reflux oesophatitis occur with gastro-oesophageal reflux in infants? A clinical and endoscopic study and correlation with outcome, **90**
